
Kevin Michael Smith

BSc (Hons) Computing (Software Engineering)
Curriculum Vitae

| | | | |
|--------------------|--|-------------------------|--------------------|
| Full Name : | Kevin Michael Smith | Sex: | Male |
| Address: | ***** ***** ***** | DOB: | ***** |
| Email: | kev_bite@msn.com | Marital Status: | Single |
| Website: | http://keysoft.net | Driving Licence: | Full, clean |
| | | Non Smoker | |
| | | Mobile: | 07738277848 |

IT Skills (Software)

I have experience in the following:

- XHTML, Javascript, ASP, and PHP – I have developed a web site for a local company.
 - MYSQL, Oracle, MSSQL and Access – I have developed database driven applications and websites, these all use stored procedures for their data access.
 - JAVA, Visual Basic, C++, C# and .NET – Created program to control intelligent lighting systems
 - JASC Paint Shop Pro – creates leaflets and posters for a local event in the theatre
 - Outlook Forms – use regularly for communication
 - Excel (& Macros) – created spreadsheet to calculate various formulas
-

Other Skills

Verbal – I have excellent communication skills and know how to effectively deliver these to individuals and groups, via spoken communications, written communications, and electronic communications.

My employment at present, as a student at college and my time at University has given me the opportunity to produce professional presentations and develop my skills in communication. This has also given me the skills to Optimise Communication in the workplace.

Teamwork – I am a team player that can communicate, problem solve, and negotiate. I am flexible, adaptable, and able to work together to further a company's goals to succeed and stay competitive. I have a good track record for teamwork at University, being the team leader and also being a team member I have the ability to do both effectively.

Organisational skills – My time management and self management skills are excellent, my current employment and my voluntary work has given me a critical part in my organizational development. I work to schedules and ensure my workflow is consistent, this ensures my work productivity stays as high as possible. As a student at University it is necessary to complete all my work to a high standard, ensuring that best working practices are used to achieve a high quality and on time. My work also has supportable documentation as necessary.

Interests - I am enjoying my time at University this has given me the opportunity to learn even more of what I enjoy doing most about computer programming,

I build and repair computers, build programs, Design and making programs for networks and external port control.

I am a lighting technician working with S W Entertainments.

I enjoy cycling and walking in the fresh air, going to the cinema and socialising

Education

2005 to present

BCs (Honours) in Computer Software Engineering
Sheffield Hallam University, City Campus, Howard Street, Sheffield S1 1WB

Year 2

Concepts and Methods (60%), Database Systems (69%), Web-Based Systems (74%), Object Oriented Programming (81%), Networked Software Development (83%), Unix, Linux and Z (86%)

Overall: 75.5%

Year 1

Fundamentals of Programming (87%), Component Programming (81%), Computer Architecture and Networks (84%), Information Systems (61%), Mathematics for Software Engineering (63%), Professional and Communication Skills (52%).

Overall: 71.3%

2003 to 2005

A Levels

Maths A2 D
Computing A2 D
Music Tech A2 D

Valley Comprehensive School

Maths AS C
Computing AS C
Music Tech AS E

1998 to 2004

11 GCSE's grade A to D

These include Maths and English

Valley Comprehensive School

Additional Education

North Notts college of Further Education, Blyth Road, Worksop Notts

2001 -2002 City & Guilds Computer Programming Visual Basic 6 Levels 1 and 2
2001 -2002 City & Guilds Computer Networking Levels 2 and 3
2001 -2002 City & Guilds Computer Maintenance Levels 2 and 3
2001 City & Guilds Modules In The Information Technology Series
2001 City & Guilds Certificate In Computer Programming
2002 City & Guilds Using the Internet and Web Page Design
2002 City & Guilds Certificate In Information Processing
2002 City & Guilds Electronics Servicing

West Nottinghamshire College of Further Education, Mansfield, Notts

2003 City & Guilds Computer Programming Visual Basic 6 Levels 3

Employment/Work Experience.

| | | |
|--------------|--|--|
| 2007 to 2008 | Software Engineer Galiform Manufacturing Systems | Howden Kitchens, Thorpe Road Howden, Goole, DN14 7PA |
| 2004 to date | McDonalds Staff Trainer | McDonalds, Worksop, Notts |
| 2002 | Two weeks work experience IT Department, Technical support And operational support | Dixons Electrical (Head Office) Nunnery Square, Sheffield |
| 2000 | Day work experience Getting experience within Factory which made speakers | Carlsbro Sound Sutton in Ashfield, Mansfield, Notts |
